

November 10, 2009

The Honorable Eric I. Cantor
U.S. House of Representatives
329 Cannon House Office Building
Washington, DC 20515

Dear Representative Cantor:

I am writing to thank you for voting against H.R. 3962, the “Affordable Health Care for America Act.” I know it was a difficult vote, but it was the correct vote for businesses and individuals who must purchase health insurance products.

The debate is not over. While it has shifted to the Senate, you may be asked to revisit the issue again. We again ask that you **reject legislation that includes a “public option,” employer mandates, increased taxes on individuals and businesses, and other measures that will cause job loss and higher insurance costs.**

Sincerely,

Keith D. Cheatham
Vice President – Government Affairs
